Arnold relates experiences which show that townspeople are changing their opposition to approval when they see that relocating residents are hard workers eager to make good.

An interesting point was that Elmer Shirrell left the directorship of Tule Lake relocation center to open the first regional office in Chicago. Other midwest offices to aid in resettlement are located in Cleveland and Kansas City with suboffices in principal midwestern cities.

To date, more than 2500 are working in the middle west and east. Another group of 300 have official releases and will leave the centers as soon as they find a job.

The following article is taken from the San Francisco Chronicle of May 5:

A forthcoming shift in command of the Fourth Army was indicated in Washington yesterday with a new nomination of Lieutenant General John L. DeWitt to retain that rank in a new but, as yet, unannounced assignment.

General DeWitt, a Major General in substantive rank, has held the temporary rank of Lieutenant

General as Commander of the Fourth Army and Western Defense Command. Without a new nomination to that rank, he would automatically have reverted to Major General upon transfer to a new post.

No comment was available from Fourth Army headquarters here concerning the shift in command, reported by Associated Press.

General DeWitt's nomination was included among those promoting 63 officers.

## SPINNERS SHADE JEROME 13-12

Bernice Kaninaga and Miyo Enokida Shine

Led by tricky Miyo Enokida, a last minute addition to the roster, the champion Spinners came from behind to eke out a 13-12 win over the surprisingly strong Denson Amazons Sunday at the high school field.

However, stealing the show was the visitors' smooth ball-handling forward Bernice Kaninaga, a colorful star who did everything but eat the ball.

Conspicuously absent from the game was Babe Inamasu, who was a victim of poison ivy.

## FOURTH PERIOD RALLY NIPS LOCAL CAGERS IN THRILLER

Taking command of the situation after trailing all of the first half and most of the second, the Denson All-Stars came to life in the closing minutes of a tight cage duel to rush in with a 25-21 victory over the fast Rohwer All-Stars Sunday at the high school field.

Behind 21-18 with less than four minutes left, the tall Denson quintet burst forth with a swift scoring rally that netted them three goals and a gift shot to overtake the stunned Rohwer cagers, who were held scoreless during the outbreak.

It was Winky Odaka and Nori Masuda who ignited the fireworks when they slipped

in a tip-in and a free throw, respectively, to knot the game. Masuda came through 20 seconds later again to cinch the affair with a underhand shot and lanky Jim Murashima followed in for keeps by ringing a soft lay-in.

The local players, handicapped by the visitors' tremendous height advantage, nevertheless more than made up for the difference with their speed and slippery deception which kept the post-season classic hot and furious.

Sparked by a pair of pint-sized speed burners in Jimmie Hayashi and Kiro "Scooter" Kayasuga, the Rohwer All-Stars displayed fast-breaking basketball and for a time had the taller opponents going around in circles.

Kayasuga-Hayashi and company went into a quick 7-4 first quarter lead, 15-14 command at midway mark and then stretched it to 19-16 at the beginning of the final period.

However, the chance of a Rohwer triumph blew sky high early in the third quarter when Kayasuga was ejected out of the game via the disastrous four foul route.
